

Location	Stock symbol & business segment	Current Goods/Services	Immediate conversion opportunity
MN			
Elk River, 23100 Sugarbush Rd NW	NOC Armament Systems	energetics, propellants; works with Plymouth, MN, site	metallurgy; navigation; lathing of material for public infrastructure; stress testing materials and electronics for durability re: temperature, vibration, wind, and shock
Plymouth, 5000 Cheshire Ln N	NOC Armament Systems	munitions for cannons, artillery, mortars; chain guns; "precision guidance kits" that turn 155 mm artillery shells into "smart weapons"	metallurgy; navigation; lathing of material for public infrastructure; stress testing materials and electronics for durability re: temperature, vibration, wind, and shock
Minneapolis, 4700 Nathan Ln N	NOC	see: 5000 Cheshire Ln	
Minneapolis, 5775 Wayzata Blvd #630	RTX BBN	artificial intelligence; computer programming; connecting different sensors into one operating picture; software engineering;	communications and connectivity; ocean exploration; space exploration; R&D of energy capture and storage; AI and computer programming in support of disaster prep/response operating picture;
Bloomington, 11300 Hampshire Ave S	GD Mission Systems	mission computers for aircraft (e.g., F-18) and weapons control systems (to launch and control munitions)	computers for aircraft and high-speed trains; user interfaces for public transit
Burnsville, 2900 County Rd 42 W & 14300 Judicial Rd	RTX Collins	tooling and test equipment for aircraft; air data systems (probes and computers to determine air temp and air speed);	tooling and test equipment for aircraft and public transit; data systems for aircraft, with an emphasis on disaster prep/relief, search and rescue, firefighting, and resource allocation;
IA			
West Des Moines, 811 4th St	RTX Collins Engine Nozzles	engine fuel injector assemblies; fuel nozzles; fuel delivery systems;	nozzles for public transit, aircraft (search and rescue, refugee/IDP aid); R&D of new energy delivery systems;
Cedar Rapids, 1100 Cimmie Ave NE, Bldg 182; 5450 C Ave NE; 400 Collins Rd NE; 350 Collins Rd NE, Bldg 120;	RTX Collins	avionics (e.g., for E-3 and UH-60M) and mission systems; radio (ground, aircraft, land vehicle); training devices for aircrew and maintainers; positioning, navigation, and timing systems; GPS receiver; microelectronics production;	microelectronics production; avionics, mission systems, radio, and GPS and PNT for land and air vehicles dedicated to search and rescue, firefighting, and disaster prep/response; training devices for first responders
Cedar Rapids, 400 Collins Rd NE	Data Link Solutions (RTX & BAESY)	data links;	communications
Middletown (no address on map or website)	GD OTS	load, assemble, pack at Iowa Army Ammunition Plant, which is run by American Ordnance	materials and explosives for civil engineering
Coralville, 2450 Oakdale Blvd	GD IT	IT	IT
NE			
Lincoln, 4300 Industrial Ave	GD OTS	composite structures for aircraft, space craft, and missiles (e.g., rocket motor cases, drive shafts, pressure vessels, launch tubes)	composite structures for trolleys, light rail, high-speed trains, aircraft, spacecraft, submarines;
KS			
Leavenworth, 1286 Eisenhower Rd	NOC	training Army aviation; crafting training scenarios, storylines, and exercises;	aviation training; crafting training scenarios, storylines, and exercises for disaster relief, search and rescue, refugee/IDP aid;
MO			
Independence	NOC	used to run Lake City AAP for small arms ammo (Lake City AAP is now run by Olin Corporation);	metallurgy; propellants, tooling, and packaging; proximity fuses;
Carthage, 4174 County Rd 180	GD OTS	incineration of explosives and related wastes; demilitarization of munitions;	incineration of explosives and related wastes; demilitarization of munitions; remediation;
Hazelwood, 5775 Campus Pkwy + 12301 Missouri Bott	BA	engine R&D	R&D of engines and novel power generation
O'Fallon, 3801 Lloyd King Dr	BA Distribution Services	supply chain management of hardware for repair and maintenance of aircraft;	supply chain management for infrastructure improvements and aircraft dedicated to disaster prep/response, search and rescue, firefighting
St. Louis ("Berkeley"), 6360 James S. McDonnell Blvd	BA	aircraft parts (e.g., canopies); flight control surfaces; mission computers; Distributed Targeting Processor-Network for aircraft (e.g., F-18, EA-18G); some work on ordnance technology;	parts, processors, and control surfaces for civilian aerostat, spacecraft, and high-speed rail; computers for public transit; materials for infrastructure; amphibious aircraft for firefighting;
St. Louis, 4240 Duncan Ave (Cortex Innovation Commu	GD IT	geospatial intelligence (mapping); cloud services; information technology;	communications and mapping focused on climate resiliency; IT for public infrastructure; R&D of how to reduce energy consumption of data centers;
St. Charles, 2600 N 3rd St	BA	ordnance, such as GBU-57 Massive Ordnance Penetrator; JDAM kits;	metallurgy; propellants, tooling, and packaging; fuses; explosives for civil engineering; positioning, navigation, timing;
Locations and production information based on military contracting announcements, corporate job postings, and corporate press releases.
