

Location	Stock symbol & business segment	Current Goods/Services	Immediate conversion opportunity
MI			
Sterling Heights, 38500 Mound Rd	GD Land Systems	land vehicles	public transportation;
Grand Rapids, 5353 52nd St SE	LHX	avionics	avionics in civilian aircraft (search and rescue, disaster prep/relief, humanitarian airlift, firefighting); user interface for public transit;
WI			
Milwaukee, 8000 W Tower Ave	LMT (Derco)	aircraft spare parts; distribution and repair; https://www.lockheedmartin.com/en-us/products/derco-aerospace/about-derco.html	spare parts for civilian space travel and air travel; refocus on parts for craft engaged in disaster prep/relief, search and rescue, emergency transportation;
IL			
Rockford, 4747 Harrison Ave	RTX Collins Electric Power Systems	electric power generators onboard aircraft; hybrid electric propulsion; constant frequency generators for V-22; rotary (ordnance) launcher for B-2 and B-52; some parts for P&W engine for F-35; wind tunnel on site for engine testing; Collins is selling its actuation and flight controls business to French corporation Safran, so this location could be affected;	R&D of electric power generation; hybrid electric propulsion; R&D of aerodynamics and novel propulsion; parts for aircraft (search & rescue, disaster prep/relief, refugee/IDP aid)
Rolling Meadows, 600 S Hicks Rd	NOC	navigation and positioning; targeting pods and sensors; aircraft countermeasures (e.g., software for AN/AAQ-24);	positioning, navigation, and timing; devices (pods and sensors) for aircraft and boats used in search and rescue, disaster prep/relief, refugee/IDP aid, firefighting;
Marion, 6658 Rt 148	GD OTS	cartridges (20, 25, and 30 mm); mortar propelling charges; 120 mm tank ammo; armor piercing high explosive incendiary;	metallurgy; propellants; electric motors; R&D of mechanical tolerances; materials for civil engineering; pyrotechnics;
IN			
Fort Wayne, 1010 Production Rd	RTX	command and control for long-range fire (artillery and GMLRS); radar for aircraft;	communications and connectivity; radar
Fort Wayne, 1700 Magnavox Way	GD Mission Systems	software for situational awareness and communications; products (e.g., GeoSuite) for military planning, mapping, and info sharing;	communications; products for resource allocation and planning for climate crises, public safety, and disaster response; GIS;
Fort Wayne, 1919 W Cook Rd	LHX	satellite sensors to track missiles (intercontinental, hypersonic)	satellite sensors to track aircraft (for disaster preparation & relief), refugee flows, crop yield
Indianapolis, 3939 Priority Way S Dr	RTX	IT software; cyber security; engineering sensors; cryptography;	software and cyber security for public transportation; IT for universal healthcare implementation;
OH			
Lima, 1161 Buckeye Rd	GD Land Systems	GD runs the Lima Army Tank Plant ("Joint Systems Manufacturing Center", officially);	public transportation
Troy, 101 Waco St	RTX Collins (Goodrich)	aircraft wheels and brakes; heat stacks for aircraft brakes;	public transportation; parts for aircraft involved in disaster prep/response, humanitarian relief, refugee/IDP aid, search & rescue, firefighting;
Cincinnati, 460 W Crescentville Rd	NOC (Xetron)	IT; intel; cyber;	cyber defense; information sharing; communication;
Cincinnati, 3975 McMann Rd	LHX Fuzing & Ordnance Systems	fuzes for different types of ordnance; electronic safe and arm devices (ESAD);	fuzes for explosives used in civil engineering, infrastructure fortification, rewinding
Springboro, 200 S Pioneer Blvd	GD OTS	"high volume aluminum impact extrusion" (for aluminum warhead cases and rocket motor tubes);	metallurgy; composites for infrastructure, space launch, and public transit;
Heath, 801 Irving Wick Dr W	BA	guidance and navigation products for nuclear weaponry (e.g., ICBM); guidance and control for aircraft;	positioning, navigation, timing for civilian aerospace and aircraft conducting disaster prep/relief, search and rescue, firefighting, and infrastructure fortification
Mason, 7500 Innovation Way, Mason, OH	LHX Space & Sensors	thermal sights for amphibious vehicles (a periscope); EO/IR systems; avionics;	avionics and vision systems for boats and aircraft (search & rescue, climate resilience, disaster prep/relief, coastal fortification planning);
Beavercreek, 4065 Colonel Glenn Hwy and 1365 Technology Ct	NOC	some parts for E-2D Hawkeye aircraft; digital signal processing; RF mixed signal communications; antenna modeling; antenna and radome measurements; integrated circuits;	R&D of electromagnetic spectrum; communications; parts for aircraft used in disaster relief, search & rescue, infrastructure fortification, refugee aid; circuitry for public transit consoles;
Locations and production information based on military contracting announcements, corporate job postings, and corporate press releases.
