WA			
Poulsbo, 26285 Twelve Trees Ln NW, Suite 161	RTX	naval power; sonar mine detecting set (AN/AQS-20) and deploy/retrieve system (AN/MHP-20)	naval power; sonar mine detecting; scientific exploration of the oceans;
Keyport, 610 Dowell Rd	RTX (aboard NUWC Division Keyport)	sonar mine detection; materials for undersea warfare; hardware for MK 54 torpedo;	hardware and materials for ocean vessels (maritime trade, ocean monitoring, deep sea exploration)
Bremerton, 423 Pacific Ave	GD NASSCO	Ship repair (aircraft carriers):	ship repair; material for public infrastructure
		The second secon	
Bothell, 22121 20th Ave SE	LMT Aculight	R&D of airborne high energy laser;	sensors; R&D of alternative energy generation;
Bothell, 11816 N Creek Pkwy, Suite 100	GD OTS	R&D of aerodynamics (for ordnance); engineering of guided munitions; design circuits and subsystems for guidance, navigation, and control;	PNT; aerodynamics for aviation (solar-powered and aerostat), high-speed trains, and spacecraft;
Redmond, 11411 139th PI NE	LHX (Aerojet Rocketdyne)	rocketry R&D	rocketry R&D R&D of nontoxic space launch;
			engineering and production of aircraft, spacecraft, and public transit (high-speed trains, light rail); amphibious aircraft
Seattle (including Tukwila), 7755 E Marginal Way S	BA	aircraft engineering and production (e.g., P-8, KC-46);	for firefighting;
Tukwila, multiple buildings on western side of King County Int Air	BA	software development for communications; components for SATCOM on aircraft;	software for communications (international scientific cooperation, disaster prep/response, refugee/IDP aid)
			communications and IT for international scientific cooperation, disaster prep/response, and resource allocation;
JB Lewis-McChord. Rainier Dr	GD Mission Systems	support for tactical IT [CHS-5] products (servers, workstations, network equip, handheld devices, power supplies);	workstations for public transit:
Moses Lake, 9256 Randolph Rd NE	GD OTS	gas generators for torpedoes and for fire suppression on V-22 aircraft;	aviation and space safety; deep sea exploration;
Bingen, 118 E Columbia River Way	BA Insitu	small drones	small drones for search and rescue, disaster prep/response, firefighting, infrastructure assessment
			, (g
OR			
Hood River	RTX Collins Airborne ISR (closing in 2024, per Liz Maddy	flight management system (autopilot for drones);	search and rescue, disaster prep/relief, refugee/IDP aid
		IT and engineering of avionics (e.g., Heads-Up Guidance and Enhanced Vision Systems, used on aircraft civilian and military to give pilots flight	
Wilsonville, 27300 SW Parkway Ave	RTX Collins (Vision and Sensor Systems)	information and guidance);	civilian avionics; avionics for aerostat; control systems for public transportation;
CA			
Healdsburg, 511 Grove St	GD OTS	control actuation systems (CAS), which are used to guide flight trajectory of ordnance (rocket, missile);	materials for public transit; CAS for rocketry focused on space exploration and planetary defense against NEO;
Santa Rosa, 428 Aviation Blvd #1069	LHX Sonoma EO	imaging (EO/IR) systems;	EO/IR used in disaster prep/relief; search and rescue; refugee/IDP aid;
McClellan Park, 5441 Luce Ave	NOC	parts for reconnaissance technology used on aircraft; prototype electromechanical systems; SIGINT for aircraft;	intraspecies communication; disaster prep/relief; search and rescue; refugee/IDP aid;
Folsom, 950 Iron Point Rd Rancho Cordova, 2001 Aerojet Rd	GD OTS LHX (Aerojet Rocketdyne)	Precision Systems Integrated Controls works with Healdsburg facility;	see Healdsburg civilian rocketry; R&D of nontoxic space launch; materials for public transit;
Kancho Cordova, 2001 Aerojet kd	LHX (Aerojet Rocketayne)	rocketry	civilian rocketry; K&D of nontoxic space launch; materials for public transit;
Pleasanton, 5753 W Las Positas Blvd	BA Secure Computing Solutions	computer programming; developing computer processors;	computer programming and processing for non-military government departments and small businesses;
Palo Alto, 3251 Hanover St	LMT Advanced Technologies Center	instruments and sensors for satellites; solar & astrophysical observing instruments; lasers; nanomaterials;	space exploration; climate modeling; crop monitoring; materials for public infrastructure;
Sunnyvale, 1111 Lockheed Martin Way	LMT Space	satellites; some work on nuclear weaponry (Trident II SLBM);	space exploration; climate modeling; crop monitoring; materials for public infrastructure;
Sumpruic, 1111 Escanced Mutan Way	zimi space	submarine propulsion and power generation; nuclear aircraft carrier propulsion reduction gears and power generation; electric/hybrid ship propulsion and	space exploration, climate modeling, dop monitoring, occurring monitoring,
Sunnyvale, 401 E Hendy Ave	NOC marine propulsion power generation	power generation;	maritime trade; deep sea exploration; energy generation;
Menlo Park, 130 Constitution Dr	LHX Randtron	antenna for aircraft;	antenna for aircraft;
Santa Cruz, 16020 Empire Grade	LMT Space Advanced Technology Center	ordnance production; items for THAAD and Fleet Ballistic Missile;	aerodynamics; metallurgy; flight simulation; explosives for civil engineering; rocketry for space launch;
		pulsed power systems and radiation sources (x-ray, EMP, and high powered mircowave); the Nuclear Weapons Effect West Coast Facility Simulator	
Con Lorendro 2700 Marrard Ch	LUV Applied Technologies Division	Program for the Defense Threat Reduction Agency (DTRA); the Nuclear Weapons Effect West Coast Facility Simulator Program for DTRA is per 26 Oct 2023 announcement	
San Leandro, 2700 Merced St	LHX Applied Technologies Division	2025 announcement	sustainable energy; electromagnetic spectrum research; study of coronal mass ejections;
Ridgecrest, 1151 W Reeves Ave	NOC Test & Eval dept, Advanced Weapons div	works with Northridge team on munitions	aerodynamics; metallurgy; explosives for civil engineering;
nugeciest, 1151 vv neeves Ave	Noe rest & Evardept, Advanced Weapons div	word with wordingle team on managed	civilian aircraft and spacecraft design, engineering, manufacturing; high-speed rail design, engineering &
Palmdale, 1011 Lockheed Way	LMT Skunkworks	aircraft and spacecraft design, engineering, manufacturing; avionics for U-2 aircraft;	manufacturing;
Palmdale, 3520 E Ave M	NOC	aircraft production, including B-21 bomber and center fuselage for F-35; prototype aircraft and spacecraft;	parts for civilian aerostat; aerodynamics for space exploration; materials for high-speed trains;
Palmdale, 1500 E Ave M	BA	guidance systems for missiles and space vehicles	space exploration; planetary defense against NEO;
Goleta, 7414 Hollister Ave and 1522 Cook Pl	LHX (MariPro)	ocean sensor hardware; seafloor monitoring, including subsea cables (fiber optic & copper) for UNOOI; devices for undersea warfare training;	deep sea exploration; human connectivity and communications;
			satellites for space exploration and climate study; infrared imaging for drones on disaster prep/response; advanced
Goleta, 6380 Hollister Ave and 75 Coromar Dr	RTX	infrared focal panel arrays for surveillance; sensors for satellites; compact electronic warfare systems;	manufacturing center;
Santa Barbara, 346 Bollay Dr	LMT MFC Santa Barbara Focal Plane	infrared sensors for live imagery from drones, piloted jets, satellites; manufacture of focal plane arrays, dewar coolers that seal the FPA, and sensor cores,	search & rescue; space exploration; infrastructure resilience;
Oxnard, 2601 Camino Del Sol	NOC Astro Aerospace	satellite parts (e.g., reflectors, radar support masts, retractable boom);	parts for satellites focused on studying climate, crop yield, and ocean temperature and currents
Malibu, 3011 Malibu Canyon Rd #4797	HRL Laboratories (GM & BA)	semiconductors; electromagnetics; R&D of sensors;	semiconductors; electromagnetics; R&D of sensors;
, sees		The state of the s	and the second s
<u> </u>	LHX Ocean Systems Division	sonar	sonar for ocean exploration; R&D of deep sea technologies; R&D of sonar effect on marine life;
Sylmar, 15825 Roxford St			space exploration; satellites studying Earth climate and weather;
Sylmar, 15825 Roxford St Sylmar, 12500 Gladstone Ave	BA Spectrolab	gallium-arsenide solar cells for satellite power;	
		gallium-arsenide solar cells for satellite power; missiles (air-to-ground);	aerodynamics and propulsion for international scientific endeavors;
Sylmar, 12500 Gladstone Ave	BA Spectrolab		
Sylmar, 12500 Gladstone Ave Northridge, 9401 Corbin Ave Van Nuys, 7821 Orion Ave	BA Spectrolab NOC LHX	missiles (air-to-ground); radio frequency amplifier; data processor and display and controls software for radar; precision approach radar for aircraft; long-range surveillance radar;	aerodynamics and propulsion for international scientific endeavors; radar for civilian aircraft (search & rescue, disaster prep/relief, planetary defense)
Sylmar, 12500 Gladstone Ave Northridge, 9401 Corbin Ave Van Nuys, 7821 Orion Ave Canoga Park, 8900 De Soto Ave	BA Spectrolab NOC LHX LHX (Aerojet Rocketdyne)	missiles (air-to-ground); adio frequency amplifier; data processor and display and controls software for radar; precision approach radar for aircraft; long-range surveillance radar; rocketry; engine manufacture (e.g., booster and upper stage); materials and R&D of unmanned undersea vehicles; new turbine engine R&D	aerodynamics and propulsion for international scientific endeavors; radar for civilian aircraft (search & rescue, disaster prep/relief, planetary defense) rocketry; R&D of nontoxic space launch; materials for public transit; new turbine engine R&D
Sylmar, 12500 Gladstone Ave Northridge, 9401 Corbin Ave Van Nuys, 7821 Orion Ave	BA Spectrolab NOC LHX	missiles (air-to-ground); radio frequency amplifier; data processor and display and controls software for radar; precision approach radar for aircraft; long-range surveillance radar;	aerodynamics and propulsion for international scientific endeavors; radar for civilian aircraft (search & rescue, disaster prep/relief, planetary defense)
Sylmar, 12500 Gladstone Ave Northridge, 9401 Corbin Ave Van Nuys, 7821 Orion Ave Canoga Park, 8900 De Soto Ave	BA Spectrolab NOC LHX LHX (Aerojet Rocketdyne)	missiles (air-to-ground); adio frequency amplifier; data processor and display and controls software for radar; precision approach radar for aircraft; long-range surveillance radar; rocketry; engine manufacture (e.g., booster and upper stage); materials and R&D of unmanned undersea vehicles; new turbine engine R&D	aerodynamics and propulsion for international scientific endeavors; radar for civilian aircraft (search & rescue, disaster prep/relief, planetary defense) rocketry; R&D of nontoxic space launch; materials for public transit; new turbine engine R&D sensors; algorithms; inertial navigation systems for civilian aircraft and ships; GPS electronics;
Sylmar, 12500 Gladstone Ave Northridge, 9401 Corbin Ave Van Nuys, 7821 Orion Ave Canoga Park, 8900 De Soto Ave Woodland Hills, 21240 Burbank Blvd	BA Spectrolab NOC LHX LHX (Aerojet Rocketdyne) NOC	missiles (air-to-ground); radio frequency amplifier; data processor and display and controls software for radar; precision approach radar for aircraft; long-range surveillance radar; rocketry; engine manufacture (e.g., booster and upper stage); materials and R&D of unmanned undersea vehicles; new turbine engine R&D sensors; algorithms; inertial navigation systems for aircraft and ships; GPS electronics;	aerodynamics and propulsion for international scientific endeavors; radar for civilian aircraft (search & rescue, disaster prep/relief, planetary defense) rocketry; R&D of nontoxic space launch; materials for public transit; new turbine engine R&D sensors; algorithms; inertial navigation systems for civilian aircraft and ships; GPS electronics; technology for planetary defense against NEO; satellites for species communication, climate modeling, crop yield
Sylmar, 12500 Gladstone Ave Northridge, 9401 Corbin Ave Van Nuys, 7821 Orion Ave Canoga Park, 8900 De Soto Ave	BA Spectrolab NOC LHX LHX (Aerojet Rocketdyne)	missiles (air-to-ground); adio frequency amplifier; data processor and display and controls software for radar; precision approach radar for aircraft; long-range surveillance radar; rocketry; engine manufacture (e.g., booster and upper stage); materials and R&D of unmanned undersea vehicles; new turbine engine R&D	aerodynamics and propulsion for international scientific endeavors; radar for civilian aircraft (search & rescue, disaster prep/relief, planetary defense) rocketry; R&D of nontoxic space launch; materials for public transit; new turbine engine R&D sensors; algorithms; inertial navigation systems for civilian aircraft and ships; GPS electronics;

			satellites for species communication, climate modeling, crop yield monitoring, weather forecasting, and space
El Segundo, 2060 E Imperial Hwy	BA	manufacturing satellites (e.g., SBSS); ground system for anti-jam and reduced intercept capabilities regarding satellite communications;	exploration
•			satellites for species communication, climate modeling, crop yield monitoring, weather forecasting, and space
El Segundo, 2041 Rosecrans Ave, Suite 100	GD Mission Systems	engineering software and systems for satellite payloads	exploration
			parts for civilian aircraft for search and rescue, disaster relief, refugee assistance, transportation (via aerostat); parts
El Segundo, 1 Hornet Way	NOC	aircraft parts (e.g., B-2 tailpipes, F-18 rudders);	public transit;
		satellite ground systems; data fusion; position, navigation, and timing; radar, EW, and space-based sensors; sensors for NOC RQ-4 drone (synthetic	
El Segundo, 2000 E El Segundo Blvd	RTX Intel & Space	aperture radar, EO digital camera, and infrared sensor); GPS receivers;	navigation; search and rescue; species communication; research of electromagnetic spectrum;
Manhattan Beach, 3001 N Aviation Blvd and 1753 33rd St	NOC Space Systems	mechanical and electromechanical design and fabrication for payload and mission control ground systems;	space exploration
Gardena, 711 Knox St	LHX Power Magnetics	magnetic assemblies; transformer coils; electrical assemblies (circuit boards, solder joints, cables, transformers);	energy generation; public transportation; power distribution and conversion;
1		satellites, a.k.a. "strategic space systems" hardware and software dev; design and manufacture semiconductors; R&D into tech for intercepting	semiconductors; satellites for species communication, climate modeling, crop yield monitoring, weather forecasting,
, ., .,	NOC	hypersonic missiles; satellite sustainment; testing (thermal, vibration, acoustic);	and space exploration
		traveling wave tubes for F-18; electron tubes for F-16; sale info at https://www.l3harris.com/newsroom/press-release/2021/10/l3harris-completes-sale-	
	LHX (sold in Oct 2021 to Arlington Capital Partners)	its-electron-devices-and-narda-microwave	aircraft parts;
			parts and sustainment of civilian aircraft for search and rescue, disaster relief, refugee assistance, aerostat
ong Beach, 4060 N Lakewood Blvd	BA Global Services	commercial aircraft parts and sustainment;	transportation
		acoustic analysis software used on P-8 for anti-submarine warfare; UUV engineering; control systems (fiber optic) networking ship systems, incl. weapon	
Huntington Beach, 14441 Astronautics Dr	BA	systems; navigation systems for nuclear weapon (Trident II SLBM);	navigation; underwater exploration; maritime trade; search and rescue
rvine, 9975 Toledo Way #150	GD Janteq	wireless communications; video communications;	communication
Fullerton, 1801 Hughes Dr	RTX	battlefield command & control and maritime systems; approach and landing systems for Navy air traffic control;	species communication and coordination; disaster relief; refugee assistance; maritime trade;
Anaheim, 602 E Vermont Ave	LHX Interstate Electronics Corp.	flight test instrumentation systems for nuclear weaponry (Trident II SLBM);	space launch; space exploration; search and rescue;
Anaheim, 901 E Ball Rd	LHX Power Paragon	shipboard power conversion and protection equipment (e.g., medium voltage motor drive, multi-class static automatic bus transfer)	power conversion and protection equipment for civilian ships, public transit, and power plants
San Diego (Rancho Bernardo), 16550 W Bernardo Dr	NOC	composite structures and materials for aircraft and rockets; multiple buildings on the campus	composite materials for space exploration, planetary defense against NEO, high-speed rail
San Diego, 15073 Avenue of Science	NOC		
San Diego, 6910 Carroll Canyon Rd	BA Tapestry Solutions	information management software and logistics;	logistics for disaster preparation, climate resiliency, infrastructure fortification, aid distribution;
San Diego, 2749-2777 and 2798 Harbor Dr	GD NASSCO	ship maintenance and upgrade;	ship maintenance for seabome search and rescue, maritime trade, scientific study
San Diego, 7603 St Andrews Ave, Suite H	GD OTS	motors and motion control systems (e.g., pan and tilt, gimbals, actuators); good for long-range EO/IR cameras;	motors and motion control systems for EO/IR cameras on aircraft and ships (search and rescue, disaster prep/relief)
San Diego, 9020 Balboa Ave	LHX	satellite communications; transponders; mission data transmitters; radio	international communication; search and rescue; planning for climate resiliency
San Diego, 4820 Overland Ave + sites on Spectrum Center Blvd	1	drones (MQ-8, MQ-4C);	drones for search and rescue, disaster prep/relief, firefighting; materials for public transit;
mperial Beach, 497 11th St #4	LHX	autonomous undersea vehicles	submersibles for scientific study of marine ecosystems and ocean currents;
Chula Vista, 850 Lagoon Dr, Chula Vista, CA	RTX Collins	aerostructures; lightning test lab;	parts for aerostat, rocketry, and spacecraft
Chula Vista, 677 Anita St, Chula Vista, CA	GD IT	IT upgrades to ship combat systems; on-ship installation of hardware infrastructure;	IT for public transit and civilian hospital ships; on-train installation of hardware;
